<1% OPENNESS FACTOR

BLACKOUT (B/O)  
0% OPENNESS FACTOR

A 100% polyester fabric, Morelle is offered in the same classic colors in both light-filtering and blackout aesthetic styles. This allows for the versatility of using both a privacy fabric that provides natural daylighting and a blackout fabric that provides complete privacy while maintaining a consistent interior appearance. Both options are also available in commercially FR rated styles for contract projects.
