

Natural Woven Shades

Naturally Handcrafted Shades

Bring the outdoors in with Sundance Natural Woven Shades, a true celebration of nature's artistry. Handwoven textures meet contemporary design, creating a look that feels both timeless and distinctly modern. Bamboo takes on sleek, architectural lines, while jute weaves soften into airy neutrals and whites, perfect for serene, light-filled spaces. Every fabric carries its own character, alive with depth and authenticity.

Crafted from renewable materials and expertly woven, these shades enrich interiors with layered texture and a welcoming sense of connection to the natural world.

**Sundance
Walden Premier
\$130**

**Sundance
Walden Select
\$150**

Select from our classic Standard shade with a 6-inch valance, the clean lines of our Waterfall style, the versatile Top-Down Bottom-Up option, or the convenience of Multiple Shades on a single headrail.

Attached liners are available in light-filtering or blackout, with Twin shades providing independent front and back controls for flexible light and privacy.

Enjoy effortless control options like cordless lift, clutch, or the Pro wand motor. For added convenience, choose motorization with a handheld remote or wall switch.

Edge binding is available in refined colors and textures with a 1/2" finish.

Our Limited Lifetime Warranty covers all aspects of workmanship and quality.
